Mr. Larry G. Shipp Combined Companies, Inc. 7061 W. Commercial Blvd., Suite 5K Tamarac, FL 33319

Dear Mr. Shipp:

Please accept this letter as confirmation that Public Service Enterprises of Pennsylvania, Inc. (PSE) will provide Combined Companies, Inc. (CCI) with eighty percent (80%) of the earned credit provided PSE on its WIS Report for 800 qualified traffic placed by CCI with PSE on its Contract Tariff No. 516; and a seven percent (7%) credit for traffic placed by CCI on PSE's Contract Tariff No. 435, as appropriate. Any supplemental discount received or claimed for CPP10 is for the account of PSE.

CCI estimates this initial traffic to be approximately \$4,100,000.00 monthly.

CCI's Endusers will be billed by AT&T at the prevailing AT&T Tariff 2 CSTP rates, less twenty three percent (23%) Customer Specific Term Plan (CSTP) discount, and 5.5% Revenue Volume Pricing Plan (RVPP) discount.

CCI will be paid by PSE within ten (10) days of PSE's receipt of its credits associated with Contract Tariff 516 and Contract Tariff 435 respectively.

PSE understands that CCI is not discontinuing these plans, and therefore remains responsible for any commitment associated with them. Accordingly, PSE agrees that upon 30 days written notice from CCI of a AT&T requirement that CCI meet its commitments to AT&T. PSE shall assist CCI in moving any or all of its accounts placed with PSE into any CCI plan CCI shall designate, in order for CCI to meet its commitment to AT&T.

2.5. PAYMENTS AND CHARGES

- 2.5.1. General The charge for WATS may be a recurring and/or a non-recurring charge. The recurring charges include both fixed charges and usage sensitive charges.
- 2.5.2. Application of Charges The charges billed are based on the rates that are in effect in this tariff during the period that service is furnished. If the rates for a period covered by a bill changes after the bill has been rendered, the bill will be adjusted to reflect the new charges (see Fractional Charges and Credits, page 33).
- 2.5.3. Payment of Charges Payment is due upon presentation of a bill for the service furnished. WATS may be discontinued for nonpayment of a bill (see Violation of Regulations, page 44).
- 2.5.4. Late Payment Charges The late payment charge applicable to intrastate services as specified in the Local Exchange Company's local exchange service tariff also applies to AT&T 800 Service and AT&T WATS.
- 2.5.5. Minimum Payment Period The minimum payment period is the minimum period for which the Customer is required to make payment. The minimum payment period for WATS is one day, except as otherwise specified in Section 6. The charges applicable for that period include the recurring charge(s) plus any nonrecurring charge(s) and/or special construction charge(s) that may apply.

The minimum payment period is calculated from the date that billing started after (1) the initial installation, or (2) a reinstallation after a move or change.

- 2.5.6. Notice of Discontinuance The Customer's order to discontinue WATS must be received by this Company no later than the day on which WATS is to be discontinued except as otherwise specified in Section 6. All usage incurred will be billed regardless of the Customer's requested disconnect date.
- 2.5.7. Extension of Term Commitments The failure of a Customer to meet usage or revenue commitments during a term commitment shall be excused to the extent such usage or revenue shortfall is caused by strike, governmental orders, acts of war, civil commotions, insurrection, acts of God or other such circumstances beyond the Customer's control; provided that, if the condition causing the shortfall ceases, the Customer satisfies that usage or revenue shortfall during an extension of its original term commitment. purpose only, a Customer may extend its original term commitment for the period of time they are unable to meet the commitment under the circumstances described above for a period not to exceed one year. If, at the end of the extension period the Customer is still unable to meet its commitment, the Customer may subscribe to a new term plan with a reduced commitment level commensurate with the Customer's reduced revenue generation capability. The new term plan subscribed to under this clause must be at least the same term length as the original term plan. In order to be eligible for this provision, the inability of the Customer to meet its commitment must not have been caused by moving 800 service usage from AT&T to a non-AT&T carrier, and the Customer must notify the Company in writing within ten days of the onset of the circumstance relied upon to excuse the shortfall and request the term extension.
- m Material filed under Transmittal No. 5415 is scheduled to become effective en July 20. 1993. y Issued on ant less than five days' notice under authority of Special Permission No. 93-86.

Dear Mr. Inga:

This letter is a collective response from Special Markets Division (SMD), Resale Product Management, and the Minneapolis Front End Center (MFEC) regarding your request to either restructure or retroactively start a CSTPII for May usage.

In April, 1994, you requested to restructure CSTPII #1583 for May usage. According to Ms. Lisa Hockert and Ms. Joyce Suek, from the MFEC, they advised you on May 20r3, 1994 that Location Specfic Term Plan (LSTP) end-users moving to your restructured plan would incur termination liability charges. Both Lisa and Joyce state that you were informed of this during your monthly "work plan" conference call and that you told them to move forward on the restructure.

As a courtesy to you and the LSTP end-users, Ms. Deb Kibby also from the MFEC, contacted you on May 31, 1994, to advise you again of the possible tariffed termination liability. After this second reminder, you submitted a new CSTPII instead of a restructured plan. Your request for a new CSTPII (dated May 31, 1994) is within the time frame required and has been accepted for June usage. However, your additional request for a new CSTPII (submitted on 6/6/94) back-dated to April 30, 1994, was rejected. Consistent with its tariff and established procedures, AT&T will not accept commitments that are retroactive to previous billing periods.

As previously mentioned, your request was reviewed collectively by the AT&T organizations that support your business. We are confident that this past issue can be considered closed and both companies can move forward on ATT States restructured

Dear Ed:

MAY 24th/effer

Mr. Larry Shipp as of yesterday has informed me that AT&T account manager Andrea Anton was given a question by the legal department as follows: "Where do you want the shortfall penalty assessed, on your main bill or on all the end-users' accounts under the plans?" This question is akin to When was the last time you beat your wife?

Mr. Shipp has told Ms. Anton that no shortfalls are to be applied, so her most presumptuous question is of course irrelevant.

Before you go ahead and actually place these illusionary charges, where no service was ever provided on these plans I will document for the court the following facts; which you are not at this time aware of, but soon will be, so as you may make a more educated decision before delivering the final death blow.

I am aware that you must now start placing the penalty on the plans account(s) in the end of May so it shows up for your unilateral announcement that the penalty will show up on the June '96 invoice(s).

Since however you will not get to start reading the transcripts of the audio tapes before you go ahead with your decision to place the fictitious penalties I am advising you of the following.

The audio tapes <u>clearly indicate</u> that restructures are common at AT&T; that no penalties are assessed on restructures, no matter how many times after June 17, 1994 they are restructured.

The tapes clearly show that since April of 1994 we have not been allowed to take in end-user accounts who have a term contract on the plan, because restructures were treated as not being a new plan. As you are aware if restructures were considered a new plan we would have been able to bring in those end-users onto our plan without penalty.

Since 80% of the market place volume is on a term contract, this decision by your entire business department to preclude us from marketing to all of these customers along with several other factors has led to "theoretical shortfall." Thus we have been forced to restructure due to AT&T's own fault.

Therefore, if what the AT&T legal department says is true that restructures are new plans then what is also true is that AT&T has illegally precluded us from marketing to 80% of its customers for over two years!!

You will hear on the tapes that the attorneys in the AT&T legal department are now the only ones at AT&T who believe that restructures are new plans. Your own in house counsel Mr. Charles Fash had agreed that restructures were not new plans, and that once a plan was Grandfathered it remained Grandfathered! This was earlier demonstrated when Andrea Anton worked with him in deciding that we properly restructured on time to avoid the "non service provided" penalties.

It was only after you and Mr. Whitmere had to "re-educate" Mr. Fash and Ms. Anton that their story has now changed.

The audio tapes show that the following AT&T business managers statements and practices clearly determine that restructures are not new and no penalties can be assessed: Ron Orem, Joe Fitzpatrick, Maria Nascimiento, Thomas Freeberg, Joyce Suek, Lisa Hockert, Janis Bina, Deb Kibby, Anne Johnson, Patti Van Vickle, Tom Umholtz, and Greg Brown.

Even the AT&T legal department itself never made the ridiculous argument in over a year before the courts that a grandfather pre-June 17, 1994 plan that restructured somehow becomes un-grandfathered until AT&T's 2nd brief to the Court of Appeals, on May 1, 1996.

The tapes also make it clear that I had a valid reason to invoke Section 2.5.7 Extension of Term Commitment, due to circumstances beyond the customer's control. Even if AT&T rejected the restructuring argument, AT&T could not place penalties on these plans because I placed all of these plans under 2.5.7 on June 5, 1995, and was never denied. AT&T in all of its brief also never denied that 2.5.7 would not apply. The tapes also reveal that all the accounts on a plan can be moved without the plans' liabilities moving also.

Now that you will be shortly receiving knowledge of how your entire business operations have been run, I would expect that you at least postponed your decision to inflict penalties until after you listen to all of the tapes of your people.

To mistakenly place non-service provided penalties on either our main bill or on the thousands of innocent end-users without carefully weighing all the facts will not, in our opinion, be looked upon by the court too favorably.

It would be quite absurd for AT&T who has demanded that they have the transcripts of these tapes to now proceed with fictitious non-service provided penalties without carefully reviewing all the tapes.

The tapes will show that AT&T has made misrepresentations to us, Judge Politan, The Appeals Court, and the FCC.

The messages that I left on your voice mail regarding the tapes were not meant to intimidate you, they were an accurate portrayal of devastating material which makes AT&T look like it has misrepresented itself to the Federal Court, The Appeals Court and the FCC.

The tapes also show that the accounts could easily be distinguished if accounts were moved then had to be moved back Your "scrambled egg theory" comment to Judge Politan was but another misrepresentation.

The tapes clearly show that 2 years ago I knew that these plans could not go into shortfall. Thus the alleged statement that I was going to seek Bankruptcy Protection because of shortfall makes absolutely no sense!! The fact is I never made such a statement. It was just an AT&T ploy to try to establish that some type of fraud was being perpetuated.

The tapes clearly show that ATN, a fellow aggregator, was waived of all their shortfall charges on their CT 1849. Former AT&T Account manager Joseph Fitzpatrick with 29 years at AT&T inexplicably was able to help Gary Carpenter have all of the shortfall penalties waived.

Re: AT&T offers special rates to corporate accounts that are doing much less volume than we are.

Dear Tom:

The following AT&T report shows AT&T VTNS customers who are receiving special discount pricing substantially below that given to me.

Mr. Umholtz, since I am doing substantially more volume than almost all of these major corporations, why has AT&T continued to refuse me equal treatment.

How can AT&T continue to be so discriminatory?

Mr. Tom Jones AT&T 227 West Monroe Chicago, IL 60606

Delivered Via Facsimila

Dear Tom:

I tried to reach you by phone to today to discuss some very distributing news.

I am hearing for sources (other than directly from AT&T) that the custom Contract Tariff we have been working with your offices to develop will not happen. In fact, I am told, that AT&T has never had any real interest in the opportunity from the beginning. Needless to say, I am, at the very least, troubled by these leaks.

Tom, I have worked very hard, and very deliberately to provide AT&T with all the information it has requested in a timely and professional manner. I have stalled my partners from moving traffic, and delayed, apparently without good reason, critical business decisions that I've needed to make. And, all along I have only asked that AT&T shoot straight with me.

What the heck's going uni

Please give me a call at your earliest convenience.

Sincerely,

Larry G. Skipp

Personal & Confidential

Dear Greg:

I have been attempting to reach your over the last couple of days to discuss numerous issues. As I have not heard from you let me address them now.

As I know you are aware, since you and I talked in late November and early December 1994, I have been working with Tom Jones, AT&T Regional Manager and as well, on occasion, Tom Umholtz with the express objective of obtaining a Contract Tariff from AT&T.

The process and negotiations have been very confusing, and I might add, without precedent.

I heard from a competitor Manday, that AT&T had made a decision not to negatiate a Contract Tariff with my company (and, in fact, had no intention in doing so from the beginning).

Greg, both Tom Jones and Tom Umholtz know first hand the seriousness of my intentions. I have been patient, and in fact, have even delayed making other business decisions based on the on-going discussions with AT&T. Which I had been assured AT&T was interested in pursuing.

What's going on.

I certainly expect you can find time to give me call to discuss these very important matters.

Sincerely,

Larry G. Shipp
